Overview
Attendance@HKU mobile app is for students, University staff and guests to record attendance in classes and events held in the supported venues in HKU.

**Easy to use**
Simply open the app in supported venues, your attendance will be recorded automatically.

**Track your attendance**
View your attendance history recorded in the past 120 days at your fingertips.

**No GPS needed**
We use Bluetooth instead of GPS. Your location outside HKU premises will not be tracked.
Installation – iOS

• System requirements
  • iOS 10.0 or above
  • Equipped with Bluetooth 4.0

• Installation
  1. In App Store, search for Attendance@HKU
  2. Tap the “Get” button
Installation – Android

• System requirements
  • Android 5.0 (Lollipop) or above
  • Equipped with Bluetooth 4.0

• Installation
  1. In Google Play, search for Attendance@HKU
  2. Tap the “Install” button
Login
You will be prompted to login with your HKU Portal UID/PIN the first time you use the app

1. Enter your **Portal UID** and **PIN**
2. Tap the “Login” button

The session will be expired upon 100 days of inactivity, you can also end the session by logging out the app.

If you forgot your HKU Portal PIN, please [reset your PIN](#).
You can login with your email address under “User without HKU Portal UID and PIN”

1. Enter your **email address**
2. Tap the “Login” button

The session will be expired upon 100 days of inactivity, you can also end the session by logging out the app.

If you have specified your email address during registration of an event, please use the same email address.

For HKU SPACE students without HKU Portal account, please login using your HKU SPACE email address.
3. A verification email will be sent to your mailbox. Tap the "CONTINUE WITH <your email address>" button in the email, or enter the provided verification code into the app.

The link and the verification code are only valid for 60 minutes.
4. Enter your full name in input field “Full name” if possible
5. Tap the “Login” button
6. If you cannot receive the verification email, you can retry by tapping the “Resend” button

For security reason, if you entered incorrect email address or verification code for 5 times consecutively, your account will be locked, and you will not be able to access the app for the time being. Please contact ITS Service Desk to unlock your account. At the same time, you can contact the event organizer to check in for you manually.
Check in classes and events
Check in classes and events

1. Open the app at the venue where the class or event is held
   
   Some classes or events may allow you to check in earlier, please verify with the lecturer, teaching assistant or event organizer if needed.

2. The app will search for your location and check in the class or event for you
   
   If you are using the app for the first time, it may ask you for granting permission to access Location and Bluetooth functions.

3. Your attendance record with the check-in time will be displayed in the “Current” tab after successful check-in
   
   You will also receive a notification on your mobile device after the check-in is done.
4. If the class or event requires check-out time to be recorded, you will see
   • a check-out reminder under the current attendance record
   • a check-out notification message before the class or event ends

   Please bring up the app again 15 minutes before the class or event ends.
Check in classes and events (cont.)

You can only check in a class or event if

• you have enrolled the course for the lecture

• you have registered for the tutorial group of the tutorial using Tutorial Sign-up

• you have registered for the event which requires prior registration

• you use the “CHECK IN” button to check in (it will be recorded as sit-in)
Check out classes and events
Check out classes and events

1. Open the app at the venue where the class or event is held

   You can check out the class or event earliest at 15 minutes before it ends.

2. The app will search for your location and check out the class or event for you

3. Your attendance record with the check-in and check-out time will be displayed in the “Current” tab after successful check-out

   You only have to check out a class or event if it requires.
4. You can also check out manually by tapping the “CHECK OUT” button

You can manually check out classes or events which end earlier than usual or overrun, you must stay in the venue in order to check out.

You can only perform manual check-out no later than 1 hour after the event or class ends.
View recent check-in history
1. Tap the “Previous” tab to view your attendance records in the past 120 days
2. You can also filter your attendance records by using the search bar at the top
Troubleshooting
Troubleshooting

If you cannot record your attendance successfully, you can try to:

• Switch off and on Bluetooth
• Close and restart the app
• Pull down the “Current” tab to perform event scanning again
• Change to another seat during breaks

Please contact your lecturer/teaching assistants in case you still cannot record successfully, such that they can help to record it for you.
